- -Really enjoyed the simulation -Would rather discuss the PPA's in class and have a conversation about the material -Would not recommend timing exams
- 1. Questions on the exams and quizzes are too wordy that it is confusing and takes a long time to read and interpret 2. I wish we could take the team at the end of the class when our understanding of the materials is a bit better.
- There is way too much homework assigned in a given week. If that much homework is assigned we should be able to work ahead on our schoolwork for weeks where our other classes have a lot of homework assigned as well.
