- Dr. Castille is one of the greatest professors that I have ever had. He doesn't only show enthusiasm for the topic that he is teaching, but also when we (students) show our understanding of the topic. I think that it can induce anxiety reaching out to professors, but Dr. Castille has made reaching out and asking for help simple. His class makes me want to be the best I can be, and I hope that in the future I can thank him for the major impact he has had on me.
- I thought you did an amazing job conducting this course. Your genuine enthusiasm for the content made me truly enjoy this class.
- I wish the assignments and quizzes would have been worth more points since they would take me a good bit of time to complete them.
- This was by far the best class i have ever taken and i think this course should be a required course for all business majors to take. I have learned more in this class than i have in my entire college career. Going forward i will reference this material more often when conducting meetings, making decisions, and communicating with my teams. Thank you so much for the knowledge you have shared and keep up what you are doing!!
- Very good thank you so much
- This is one of the very few college courses which content I would be using outside the classroom and would be applying in my everyday journey. Dr. Castille is a great professor, not only he is full of knowledge, but he knows how to share it with students and making them understand the course content.
- Good teacher and is willing to help out whenever he can.
